

IZAAK WALTON LEAGUE OF AMERICA

TO: Scott Kovarovics, Shawn Gallagher, Executive Board, National Directors, Directors-At-Large, Regional Governors, Division Presidents, Past National Presidents

FROM: Mary Rubin, Director of Member Programs

RE: August 2016 IWLA Membership Summary

CC: Senior Management Team, Membership Staff

DATE: September 1, 2016

Noted below are: 1) current numbers for August 2016, 2) action items and, 3) other need-to-know information. Please review each item and take action where indicated.

Member Statistic

- **Total Member Count:** 40,396 (up 0.82% from last month and down 1.22% from August 2015)
- **Chapter number:** 38,585 (up 1.04% from last month and down 1.02% from August 2015)
- **MAL number:** 1,811 (down 3.51% from last month and down 5.48% from August 2015)

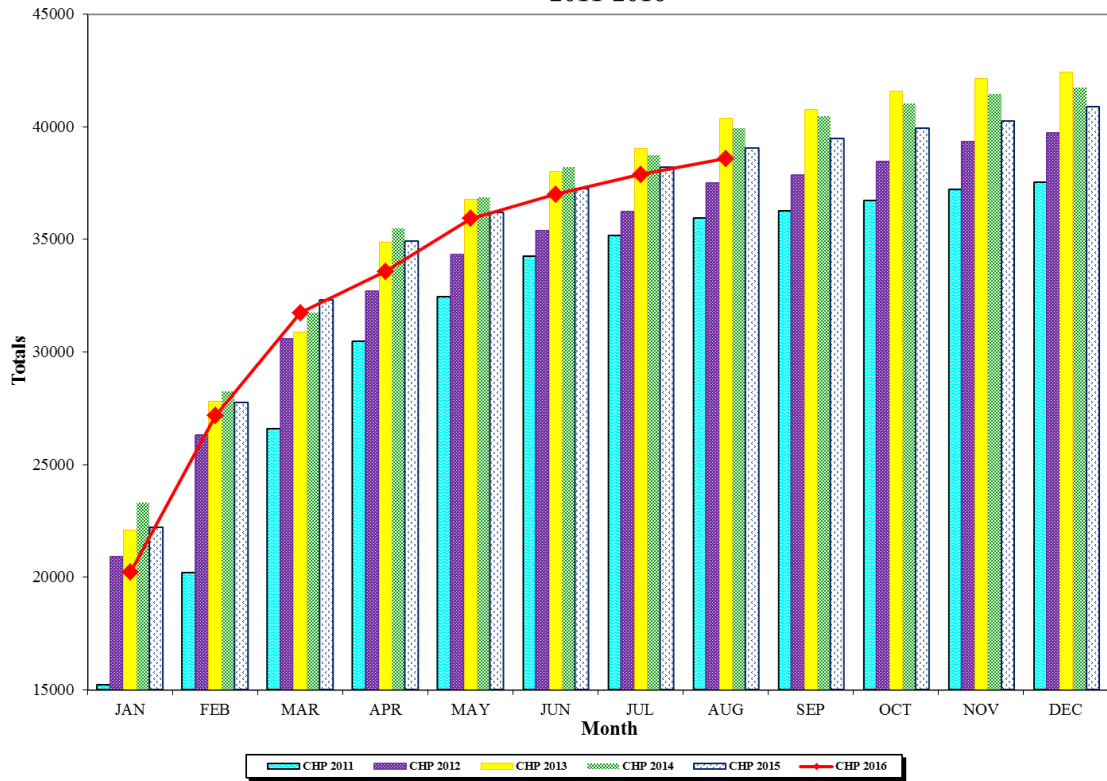

Action Items

- The list of chapters without any renewals for the 2016 membership year now stands at 7 chapters (see list at the end of this report). This list was discussed at the Executive Board meeting during the convention in July and we continue to try to determine the chapters' status. These chapters are not included in the 2017 billing *and their charters may lapse* if there are no members.
- Note the membership numbers above compared to the same time last year. Chapter numbers overall are behind in comparison to this same point in time from last year. We have been reporting chapters without any or with lagging renewals throughout the spring and summer and this is still something to pay attention to! There are 8 chapters listed that are showing a significant drop in membership in 2016; in some cases the chapter is down by more than half. Look at your assigned chapters, note if their numbers have dropped, and reach out to them. These chapters need your local, on-the-ground involvement!

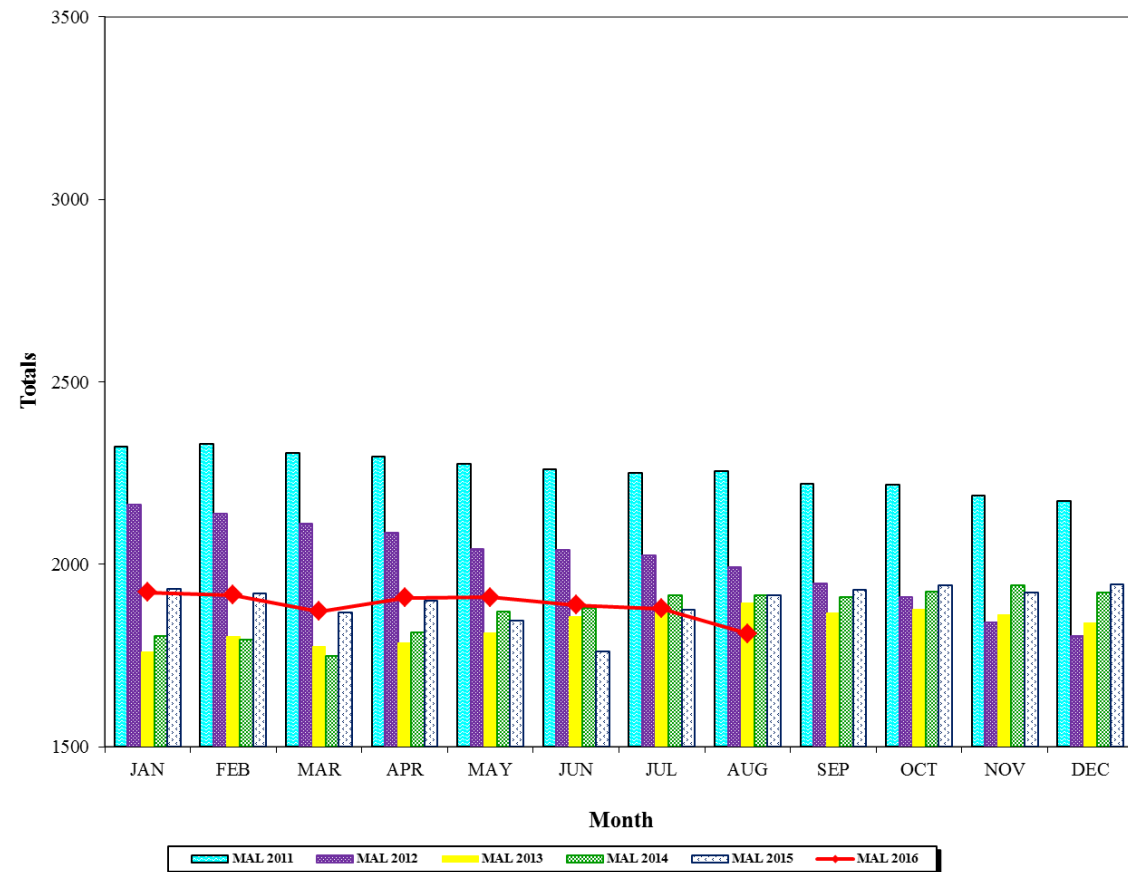

Billing/Other Information

- The Fall Billing for the 2017 membership year begins mailing next week and should be in all chapter membership officer's hands within the coming weeks. Several chapters (as reported in previous monthly updates) did not submit any renewals for 2016 and have no current members to be billed for 2017. Please engage in conversation with all of your chapters and encourage them to begin working on their billing as soon as it is received.
- We are now in our second year of the online renewal program. As a complement to the other online chapter tools we have such as the ability to complete officer report forms online, MDR pages to manage member information, and the ability to generate rosters and mailing lists, chapter membership officers can submit members' renewals to the National Office electronically! Chapters who take advantage of this secure, easy-to-use feature of our website will jump to the head of the line and member cards will be on the way back to you as soon as payment arrives. To speed the process even more, chapters will have the option to create a PayPal account and send payment to us electronically without waiting to mail a check. For new membership officers or chapters who have not yet taken advantage of the program, we are conducting another live webinar at noon on September 8th to walk through the process and allow MDRs to ask questions. We'll be recording the session and posting it online for later viewing as well. Any board members are welcome to join in! The link to register is: <http://createsend.com/t/i-789FE2D91B367EC6>

IWLA Chapter Membership Statistics 2011-2016

Number of active, paid members as of the end of this month. This number will gradually grow, month by month, as late renewals and/or new members are processed. This number can be compared to the year end total in the prior column to see how the chapter is doing in relation to how they ended the previous year.

Time period covered by the report—reports are a month-by-month snapshot in time of that particular month.

This line shows the total members in each category for the entire state.

A comparison of how many active members a chapter has at the end of this month vs. the end of the same month in the previous year.

Number of current members from the end of, in this case 2013, who have not yet renewed for the 2014 membership year. In this example, there were 15 members on 12/31/2013 and 12 have not renewed yet.

Number of new & renewing members processed in this particular month. These numbers change from month to month to reflect the activity in that particular month letting you see if a chapter is actively engaged in submitting memberships.
